

2021 ALLOCATION RESOLUTION OF DELEGATES BY STATE

AGENDA ITEM: 2021 Allocation of Delegates by State

For Action For Information

BACKGROUND: Annually delegates need to adopt an allocation of the number of delegates by state and importers that is to be recommended to the Secretary of Agriculture for appointment for the next annual meeting.

EXISTING POLICY: At the 1992 annual meeting, the following policy was unanimously adopted.

National Pork Producers (Pork Act) Delegate allocation (see attachment No. 1) shall be applied annually to the estimated assessments to be collected for the next annual meeting. The delegate allocation by state or importers will be reviewed and approved annually by vote of the current delegates for the next National Pork Producers (Pork Act) Delegate Body meeting.

DISCUSSION: The delegate allocation table "Attachment No. 1 - National Pork Producers (Pork Act) Delegate Allocation," maintains the principle of proportional representation that is the foundation of pork producer governance principles and consistent with the Pork Act. The table was based on historic data from previous delegate appointments from states or importers. Also, the principle of no less than two delegates from a state is maintained.

"Attachment No. 2 - 2021 Projected Delegates" delineates the allocation of delegates for the 2021 annual meeting. The National Pork Board has adopted an estimated revenue for 2020 to be \$83.264 million of checkoff receipts. The percent of total estimated 2020 assessments is based on the actual amount of assessments collected from each state and importers during the 12 months of 2019 and converted to a percent.

The most important point at this time is that the number of delegates indicated on Attachment No. 2 be completely agreed upon by this delegate body and subsequently be communicated to the Secretary of Agriculture.

Prior to the 2021 delegate body meeting, and as was done for this meeting, the actual numbers of shares voted by delegates will be calculated and based on actual dollars collected from a state during 2020.

RECOMMENDATION: Based on past delegate body established policy, delegates are asked to adopt and recommend to the Secretary the appointment of delegates as calculated and distributed by state in Attachment No. 2.

NATIONAL PORK PRODUCERS (PORK ACT) DELEGATE ALLOCATION
